FINANAICAL YEAR 2015 - 2016

FP2020 Commitments

■ The Government of Indonesia will allocate USD 1.6 billion for family planning programs between 2015 and 2019; this includes an almost two-fold increase in budget allocation from 255 million in 2015 to 458 million in 2019. Additional funding assistance for health programs including family planning will also be provided to local governments in the amount of USD 1.7 billion per year.

■ The Government of Indonesia will ensure the provision of family planning services and contraceptives through the National Health Insurance scheme towards Universal Health Coverage by 2019. In order to expand its reach, the Government of Indonesia will actively engage the private sector, include post-partum and post-abortion family planning services in the scheme, and ensure the availability of family planning services and contraceptives for hard-to-reach populations, including those living in remote

■ The Government of Indonesia will allocate USD 1.6 billion for family planning programs between 2015 and 2019; this includes an almost two-fold increase in budget allocation from 255 million in 2015 to 458 million in 2019. Additional funding assistance for health programs including family planning will also be provided to local governments in the amount of USD 1.7 billion per year....

Organisation Name

SUMMARY

Save the Children contributes towards the survival of children through high impact programs on newborn and maternal health. It is guided by the National Development Plan and the United Nations Sustainable Development Goals with key stakeholders including children, civil society organisations, communities, donors, the Government and the media in contributing to the realization of children's rights. It strives to create impact for children by delivering programmes through partnerships, being innovative, acting as the voice for and of children, achieving results at scale. In Uganda save the children implements programmes in both development and humanitarian contexts.
